Hi Charlotte

I have now had a response regarding your question earlier this week about a form for data protection and your project. Nick Avis (the School's Ethics representative) indicates that the form needs to make sure it is clear the purpose of the data and its use and a statement to the effect that it will only be used for internal CU project. If you are not collecting personal data or associating it with others which could allow association then this will be OK.

Nick is happy to discuss it further if you would like to. I have cc Nick (and Irena) into this mail. Please get in touch with him directly if you need to go through the form that you mentioned from another School.

I hope that this helps, if not please come back to me.

Regards

John
