Consent Form – Confidential/Anonymous data:
Building a Taxonomy of Learning Outcomes

I understand that my participation in this project will involve providing personal opinions to a series of questions relating to modules that I am either currently studying or have previously studied on the Cardiff University Computer Science degree scheme.

I understand that participation in this study is entirely voluntary and that I can withdraw from the study at any time without giving a reason.

I understand that I am free to ask any questions at any time. I am free to withdraw or discuss my concerns with Charlotte Doherty.

I understand that the session will be recorded and only Charlotte Doherty will have access to the recordings made within the session.

I understand that the information provided by me will be held confidentially, such that only the Principal Investigator Charlotte Doherty can trace this information back to me individually. The information will be retained for up to a month after which it will be made anonymous and recorded data will be deleted/destroyed.

I understand that I can ask for the information I provide to be deleted/destroyed at any time and, in accordance with the Data Protection Act, I can have access to the information at any time.

I, _____ **[PRINT NAME]** consent to participate in the study conducted by Charlotte Doherty School of Computer Science and Informatics, Cardiff University with the supervision of Irena Spasic.
