Calling all CS Students

FREE FOOD and FREEBIES for taking part in a focus group!

For my Final Year Project, I want to hear YOUR comments and opinions on what you are learning on the CS degree!

If you can spare an hour over the next 2 weeks you'll be rewarded with FREE FOOD and FREEBIES for coming along!

The focus group can be completely flexible around when you are free!

Don't worry all comments made will be completely anonymous so you can say whatever you like!

So please come along, take a break from study, grab some free food and stuff and say whatever you like about your degree!

To take part or for further information either send me a fb message or email me at: dohertycc@cardiff.ac.uk

:)
