How easy do you find the platform to navigate?	It was more than easy enough to navigate.
Are there any features you feel should be added in the future?	Perhaps in the future if people feel the platform needs updating.
Is there any existing feature that you feel could be improved? And how?	I could not really see anything that needed major improvement.
Do you feel that the platform is easy to look at/read?	It is easy to look at and read, I would probably add a bit more colour to it. But that is just a personal preference.
What aspects of the current platform do you feel work best?	Having just a limited number of tabs to not overwhelm someone.

How easy do you find the platform to navigate?	I found the app very easy to use and it was very straight forward.
Are there any features you feel should be added in the future?	Nope
Is there any existing feature that you feel could be improved? And how?	The calander feature should be more like an android calander, found it weird and hard to use. Maybe more links on health substance miss-use Independent living health realstionships ect (support section i.e the useful links)
Do you feel that the platform is easy to look at/read?	Do think some of the app should be dyslexia friendly ie calander journal.. or a edit option to custom to your style (colour
What aspects of the current platform do you feel work best?	Document wallet and journal
