

What you enjoy most about	
Buying habits	If I use the coffee shop in the JCR is purely to buy a sandwich or drink I use it very much like a Cornershop or newsagents rather than a coffee shop.
Environment	I agree with Charlotte I also think like it's a different environment to being betw yeah it's a good place to go to sit down and have a chat, it's on premises. I guess it provides a place to meet if you have got group work and things like tha I think the students make the environment I think if you're going in there with y I've never gone in and thought woo its abit weird in here I think you do go in the
Feelings for coffee shop	I think there's nothing particularly positive about this one basically Julian Hodge I can't fault other than the opening times it's really nice th
Coffee & drinks	because I don't like coffee I quite like the fact that it sells other things I think if it's going to call itself coffeeshop it should have coffee things there but get my tea its grate, makes my week
Service	the easy of it to get the coffee from the machine entrance is really easy and quick It's really easy to use there's no complications with it you don't have to wait ages and ages in a massive queue for it to be made. convenience yes convenience.
Food	the fact that it has food as well not that I like the food but if you need lunch fast there's a really good range of chocolates and stuff. food is okay I buy food. not massive but it's okay, the sandwiches and stuff.
Price	a fair price I just had a muffin and a coffee for £1.80 if I went to Starbucks that \
Location	proximity to lectures.

the University coffeeshop?

een lectures.

at, and you can't do it in the library because of the noise restrictions.

our friends environment is absolutely fine

are with your friends. So I think it's a space where you make your own environment.

here.

the fact that it does offer other choices is good.

: it's kind of another option.

would've been like £5.
