

Spelling Practice Dissertation Research

Hi, I am a third-year undergraduate in Computer Science.

I am currently working on my research for my dissertation, where I am creating a spelling practice application, that will be designed to make it easier for people with a learning disability to spell.

If you are over 18, I would be eternally grateful if you would be able to take 3 minutes out of your day to complete my questionnaire, which is compiled of 8 questions.

This questionnaire will be completely anonymous and voluntary. The data which will be gathered will only be used to aid in my dissertation.

If you would not like to complete the questionnaire at any time just close down your webpage and don't press submit.

By completing this questionnaire you are giving your consent to have your data analysis in my dissertation.

If you have any questions please feel free to email me at HughesS39@cardiff.ac.uk.

Thank You!
